The 'flyghuri' logo features a dynamic and modern typography-based design with two distinct colors: orange and blue. Below is a conceptual breakdown:

Concept & Meaning:

Name Interpretation:

The word "fly" suggests movement, travel, or ambition. "Ghuri" (which means "kite" in Bengali) represents freedom, creativity, and high aspirations.

Color Psychology:

Orange evokes energy, enthusiasm, and innovation. Blue symbolizes trust, reliability, and professionalism.

Design Elements:

The "g" is creatively modified with a kite-like shape, possibly indicating growth, freedom, or movement. The "i" is topped with an abstract kite (orange shape), reinforcing the "ghuri" (kite) theme, signifying upward movement and limitless potential.
